

Here at Aprende Academy – Doral Saddle, we believe learning is connection. We work hard to develop a relevant and challenging curriculum that

- ✚ Builds foundational school readiness skills
- ✚ Engaging projects that connects students with their teachers and peers to stimulate further thinking and facilitate conversations, meaningful sharing, and collaboration
- ✚ A balance of teacher led and child directed activities that will encourage students to find their passions and interests which cultivates life long learning purpose and joy

We are excited to start the school year strong and look forward to making wonderful memories with your children.

“WE ARE BORN MAKERS. WE
MOVE WHAT WE’RE
LEARNING FROM OUR
HEADS TO OUR HEARTS
THROUGH OUR HANDS.

Brene Brown
